1. Job title
Associate or Assistant Professor in the Division of Homeostatic Development, Department of Fundamental Neuroscience (One Position)

2. Research field
National Institute for Physiological Sciences aims to understand the function of human body and brain. We call for applicants who will actively promote the research in neuroscience targeting the remodeling of neuronal circuits in development and after brain damage. We expect the applicants are skillful in 2 photon microscopy or electrophysiology. Applicants are also requested to take charge of education for graduate students as a faculty of SOKENDAI (The Graduate University for Advanced Studies).

3. Appointment period
Five years. Reappointment may be possible.

4. Application and required documents;
1. Recommendation letter(s) ( in the accompanied form)
2. Complete CV ( in the accompanied form)
3. List of publications (using the Separate Sheet No. 1)
4. Two sets of reprints of main publications: 5 papers or less
5. Research statement (including research interest and future plans: about 600 words)
6. Other information (such as those listed in Separate Sheet No. 2)
* Please note that documents will not be returned to applicants.

5. Deadline
August 26th, 2016

6. Start of Employment
The earlier, the better

7. Gender Equality
NIPS, NINS is promoting a Gender Equality Program by taking various measures to create a workspace where both men and women are able to give full rein to their talents and abilities (http://www.nins.jp/english/gender_equality/index.php).

8. Contact details
Please send the application by mail to the address below:
The Personnel section, Okazaki Administration Center, NINS
Nishigonaka 38, Myodaiji, Okazaki, Aichi 444-8585, JAPAN
(Please indicate “This mail contains the application form for the Associate (or Assistant) Professor Position in the Division of Behavioral Development, National Institute for Physiological Sciences” on the envelope.)

Further enquiries should be made to:
