

Project Assistant Professor in the Supportive Center for Brain Research,
National Institute for Physiological Sciences (NIPS), National Institutes of
Natural Sciences (NINS), Okazaki, Japan

1. Job title

Project Assistant Professor in the Supportive Center for Brain Research (One Position)

2. Research field

As a project of Advanced Bioimaging Support Platform based on Grant-in-Aid for Scientific Research on Innovative Areas, the Supportive Center for Brain Research in our institute will support researchers in acquisition of 3D-images of biomacromolecules and ultrastructures for biological samples by cryo-electron microscopy (cryo-EM) with phase plate and serial block-face scanning electron microscopy (SBF-SEM). We call for applicants who have experiences in cryo-EM with phase plate and SBF-SEM and actively promote the above support as a primary task.

3. Qualifications

Applicants should have a PhD degree (or equivalent scientific achievements)

4. Application period;

Contract is renewed every year. The employment period is March 31, 2022 at the longest.

5. Application and required documents;

1. Complete CV
2. List of publications
3. Research statement (including research interest and future plans; less than 600 words)
4. Two sets of reprints of main publications; three and less
5. One and more recommendation letter(s) and one and more reference(s)

* Please note that documents will not be returned to applicants.

6. Deadline

November 30, 2017

7. Start of Employment

As soon as possible.

8. Gender Equality

NIPS, NINS is promoting a Gender Equality Program by taking various measures to create a workspace where both men and women are able to give full rein to their talents and abilities (http://www.nins.jp/english/gender_equality/index.php).
