

How to enable Single Sign On for NOUS with Shibboleth

What is Single Sign On?

When you use several Web systems and log into any one of them, you do not have to log into the other systems if you could use Single Sign On.

Thus if you set up SSO, you do not have to use two-Step Verification for logging into NOUS and could simplify the process.

If you want to use SSO for NOUS login, you can enable it with a system called Shibboleth or a Google account.* If you want to use Google account for SSO, please refer to the manual "How to enable Single Sign On for NOUS with Google account" on the Institute's website.

NOTE

Only users who fulfill the following requirements can use Single Sign On for logging into NOUS:

>>For using Shibboleth:

- Your institute is authenticated as a member of Academic Access Management Federation in Japan (GakuNin*).
- Your institute give permission to use Single Sign On for NOUS.

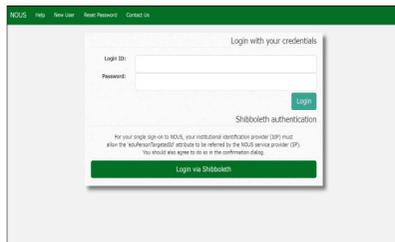

Please ask person in charge at your institute if you would like to know whether you could use SSO or not.

*If you would like to know more about GakuNin and Shibboleth, please check the following URL.
(<https://www.gakunin.jp/en>)

>>For using Google account:

- You will need a Google account.

How to log into NOUS with Two-Step Verification

Please open the login page for NOUS from here (<https://nous.nins.jp/user/signin>).

The first step is to log in to NOUS with two-step verification. If you want to know how to log into NOUS, you can find guidelines in English on the Institute's website.

In order to activate Single Sign On, you need to log into NOUS with two-step verification and set it up from My Page at first.
