**Outline**

Basic physiology and anatomy on brains can be learned through 10 lectures.

**Goal**

- Can discuss with others on basic neuroscience.
- Can write a summary of a research paper.

**Grading system**

| 01: Four-grade evaluation (A, B, C, D) |

**Grading policy**

- Students must attend at least half of the lectures to get credit.
- They must also attend the journal club (9th, 10th lecture).
