

## Call for Adjunct Professor, National Institute for Physiological Sciences (NIPS), National Institutes of Natural Sciences (NINS), Okazaki, Japan

### 1. Job title

Adjunct Professor (One Position)

### 2. Research field

The National Institute for Physiological Sciences in Okazaki, Japan, conducts collaborative research to understand the physiological functions of the human body and brain using diverse and cutting-edge imaging approaches. To this end, we call for an enthusiastic applicant who will actively contribute to the technical development and application of serial block-face scanning electron microscopy (SBF-SEM) to analyze the three-dimensional structure of biological tissues.

### 3. Appointment period

Contract is renewed every fiscal year, at the end of March.

The longest possible term is 5 years.

### 4. Deadline

January 31rd, 2019

### 5. Start of Employment

April, 2019.

### 6. Compensation

No salary is paid. All the travel expenses and per diem cost on visit of NIPS are paid from NIPS in accordance with the NINS regulation.

### 7. Application and required documents

- (1) Recommendation letter(s) (in the accompanied form)
- (2) Complete CV (in the accompanied form)
- (3) List of publications (using the separate sheet 1)
- (4) Two sets of reprints of main publications; 10 papers or less
- (5) Research statement (including research interest and future plans; about 600 words)
- (6) Other information (such as those listed in separate sheet 2)

\* Please note that documents will not be returned to applicants.
