
WN Summit Rusutsu Hokkaido Japan

1st January 2026

Dear

We are pleased to invite you to attend the inaugural WinterNeuroSummit in Hokkaido, Japan from March 24 to March 28 2026. The WinterNeuroSummit is an international conference featuring groundbreaking advances in neuroscience. Topics will span synaptic mechanisms to complex behaviors in health and disease, as well as the newest technologies that propel our discoveries in an engaging and collaborative environment. 60 invited speakers from around the world will be giving engaging talks. In addition, a number of short talks will be selected from submitted abstracts. The meeting will also have poster sessions for lively exchanges on updates. Ample free time will be available for stimulating discussions in a relaxed setting.

We looking forward to seeing you in Hokkaido!
